SUMMARY

Mission-driven **VP of Product** with 18+ years of experience leading global B2C platforms serving millions of users. Proven record of reimagining **core product experiences** with AI-first innovation, research-driven design, and experimentation that measurably improves engagement, retention, and customer satisfaction. Builder of high-performing teams (product, design, and QA) that thrive on empowerment, transparency, and inclusion. Experienced at scaling B2C platforms to millions of users and aligning stakeholders around data-driven strategies that improve core user experiences.

EXPERIENCE

Zumba Fitness, Hallandale, FL

Vice President, Product & Product Design (UI/UX) | Feb 2023 – Present

- **Shaped global product strategy**, unifying multiple squads across product, design, and engineering to deliver Zumba's first B2C app, achieving **1M+ downloads in year one**.
- Embedded **AI-driven personalization and automation**, producing **\$500K+ annual cost savings** and driving double-digit lifts in engagement and retention.
- Translated company vision into a **data-driven roadmap and pricing strategy**, prioritizing features and markets to maximize acquisition, conversion, and long-term retention.
- Mentored senior product leaders and instilled a **servant leadership culture**, improving team retention, eNPS, and velocity while embedding innovation rituals and experimentation.

Director of Product & UI/UX | Aug 2015 – Feb 2023

- Rebuilt the membership platform, integrating research insights and experimentation loops that lifted engagement by **25%**.
- Implemented **global pricing strategies**, expanding access for instructors in emerging markets.
- Designed **A/B testing programs** for instructor registration flows, boosting conversions by **20%** and enabling thousands to launch sustainable side incomes.
- Introduced **scalable product management frameworks** and innovation sessions, embedding customer voices into roadmaps and aligning squads around measurable goals.

Product Management Manager | Jan 2014 – Aug 2015

- Directed the launch of a **class management platform**, increasing posted classes by **33%** through workflow optimization.
- Built and scaled the product team, **transitioning Zumba into a product-led organization**.
- Launched the company's first digital content distribution platform, saving **\$150K/year** and generating **\$75K/year** in new revenue.

Product Manager | Nov 2012 – Jan 2014

- Established **product management best practices** to enhance transparency and alignment, growing the instructor database by **17% in one year**.

- Designed prioritization frameworks that tied every initiative to mission-driven outcomes.
- Managed a portfolio of global products using iterative, test-and-learn methods to accelerate time-to-market and satisfaction.

Paramount (formerly CBS Interactive), Ft. Lauderdale, FL

Product Manager | Jun 2007 – Nov 2012

- Drove development of scalable digital products and engagement platforms across CBS brands.
- Built partnerships with **Amazon, Meta, and Akamai** to extend product capabilities.
- Rolled out widgets, RSS, SMS systems, and mobile apps, significantly boosting user acquisition

Associate Product Manager | Oct 2006 – Jun 2007

- Launched **CBSSports.com's online community**, achieving **500K+ MAUs in six months**.
- Delivered CBS's online storefront, generating **\$55K annual revenue**.
- Coordinated cross-functional teams for "Masters On Demand," creating **\$100K+ in new revenue**.
- Grew subscriber base by **35%** through newsletter innovation and lifecycle management.
